

Orono Spectral Solutions
A Full Spectrum Innovator

Measure Oil in Water For Quality and Purity

Ideally Suited for Drinking Water, Wastewater and Process Water Applications

CLEARSHOT EXTRACTION TECHNOLOGY
OIL & GREASE MEASUREMENT

NEXUS ANALYTICS

Delivering Advanced Analytical Solutions

- **Measure Drinking Water and Wastewater**
- **Reduce Cost with ASTM D7575 Method**
- **Protect Employees and Environment**
- **Eliminate Use of Dangerous Solvents**
- **Increase Accuracy and Precision**
- **Decrease Test Time and Complexity**
- **Minimize Corporate and Financial Risk**
- **Identify Oils to Detect Problem Source**
